Perusahaan dan Entitas Anak melakukan penyisihan penurunan nilai piutang lain-lain dengan alasan tidak adanya realisasi pembayaran sejak lama serta tidak adanya informasi dari manajemen bahwa sebagian besar pihak ketiga tersebut hingga kini belum beroperasi dikarenakan bisnis utamanya adalah perusahaan investasi.

Manajemen berpendapat bahwa jumlah penyisihan kerugian penurunan nilai yang dibentuk cukup untuk menutup kerugian yang mungkin timbul akibat tidak tertagihnya piutang lain-lain tersebut.

The Company and Subsidiaries conduct allowance for impairment of other receivables by reason of the absence of actual payment of long ago as well as the absence of information from management that most of these third parties have not yet in operations because their core businesses are investment companies.

Management believes that the allowance for impairment losses is adequate to cover possible losses on such uncollectible accounts.
